DISCUSSION AND COMMENTS:

- Item#1            Mr. Richards was present and addressed the Committee providing an overview of the 4 on the 4<sup>th</sup> race proposal. He advised the Committee that this is the seventh year of the event and it was awarded the “Run of the Year for 2010” from the Chicago Run Association. Subsequent to a brief discussion the Committee signed the report.
- Item #2            (a) The Committee reviewed the report and subsequent to a brief discussion the committee signed the report.
- Item #2            (b) The Committee reviewed the report and subsequent to a brief discussion the committee signed the report.
- Item #3            Kopp advised the Committee of flyers found on vehicles parked in the Adelaide parking deck from an unknown person regarding their disfavor of the current parking allocation in the deck. Kopp advised the Committee that the Larch Street deck has seen an increase in use and that the Adelaide deck has seen somewhat of an under use of employee parking spaces. The discussion then focused on some of the reasons for this and current leased parking lots and their utilization within the entire parking system. Subsequent to further discussion it was decided to continue to monitor and review the parking allocation throughout the downtown business district in that the new system has only been in place several months. Also, share these findings with the City Centre as to continue that collaborative relationship regarding parking in the downtown area.

The Committee was adjourned at 7:25 p.m.
