

1) Do you see City staff providing a light or heavy touch in drafting language for the zoning code update?

*It is anticipated that Elmhurst City staff will have a "medium to light" touch in the drafting of the Zoning Code update. Planning staff has done an initial review of the Zoning Ordinance and identified areas that are in need of updating and/or editing. A copy of that will be provided to the selected firm. It is anticipated that staff will provide input throughout the process and will be available for questions and discussion. City staff will also be available to assist with meeting scheduling and coordination.*

2) It doesn't look like this RFQ is asking for a budget. Is that correct?

*Correct, a budget/fee proposal is not being requested. Once a firm is selected, a budget and fee will be negotiated.*
